

WHY BECOME A CORPORATE SPONSOR?

Your investment in the mission of Minor Adjustments helps us continue delivering high-quality, life-changing services within our community. Sponsorships and donations directly support our general operations and strengthen our partnerships with correctional institutions, law enforcement agencies, rehabilitation centers, churches, and youth organizations.

Every contribution makes a meaningful impact. Thank you for considering support that allows us to provide education, training, mentoring, and discipleship—helping individuals see their past not as a weakness, but as a catalyst for growth, purpose, and lasting transformation.

- Custom thank you post on social media with a link/tag
- Logo and link in a digital organizational newsletter sent out annually
- Large logo and link in a prominent spot on our website for one year

CORPORATE SPONSORSHIP

ABOUT US

Minor Adjustments Group, Inc. was founded in 2013 by Michael L. Williams Jr. and his wife, whose shared vision was born out of lived experience and a deep understanding of the challenges individuals face during reentry. After more than 22 years spent in prisons, jails, and rehabilitation programs, Michael personally experienced the hardships of reintegrating into society and the determination required to rebuild a productive life.

Motivated by that journey, Michael and his wife committed themselves to serving individuals facing the same struggles he once endured. Now a Certified Alcohol and Drug Counselor (CADC), National Certified Peer Recovery Support Specialist (NCPRSS), and ten-time published author, Michael combines professional training with real-world experience to deliver impactful programs, resources, and support that promote lasting transformation.

Funding will support the delivery of our 8-week courses and help launch the House of Adjustments Discipleship Home. We recognize that returning to former environments associated with substance use or criminal activity can be stressful and triggering. Our goal is to provide structure and support that promote a smooth, stable transition back into the community.

INTRODUCTION

Minor Adjustments Group, Inc. is a 501(c)(3) nonprofit organization committed to preventing and reducing crime across New Jersey. Our mission is to equip men and women with the tools to make the minor adjustments necessary to obtain and maintain productive, healthy lifestyles as they successfully reintegrate into society following incarceration or rehabilitation.

OUR SOLUTIONS

Our primary program offering is an 8-week course, consisting of one session per week. Throughout the program, facilitators guide participants through The Minor Adjustments Workbook, using interactive and evidence-informed approaches designed to empower individuals to take ownership of their lives.

Program success is measured by reduced rates of recidivism within the communities we serve.
